- Qualitative Research Methods
- Basic Statistics
- Inferential Statistics
- Methods and Statistics in Social Science - Final Research Project

Sep 12, 2019

Thomas-Xavier Christiane

has successfully completed the online, non-credit Specialization

Methods and Statistics in Social Sciences

Identify interesting questions, analyze data sets, and correctly interpret results to make solid, evidence-based decisions. This Specialization covers research methods, design and statistical analysis for social science research questions. In the final Capstone Project, you'll apply the skills you learned by developing your own research question, gathering data, and analyzing and reporting on the results using statistical methods.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
