To whom it may concern

Adri de Vos has been my daughter's violin teacher since 2019. At the time my daughter was Grade 9 (Grade 5 violin).

The excellent tuition and support that my daughter received from Adri over the last 3 and a half years has made a big difference in her musical journey.

In 2022, our daughter was the First Violin Chair of the Kloofie Konsertorkes, the award-winning orchestra of Hoërskool Waterkloof. She was also a member of the Gauteng Schools Youth Symphony Orchestra in 2021. This would not have been the case without Adri's contributions. She rekindled my child's love for the violin and built her skills and her confidence in her own playing.

During the COVID pandemic lessons carried on over Zoom so that there was no break in tuition. My daughter is also extremely busy with theater productions and Adri has always been very understanding of my child's changing commitments.

We will always be grateful to Adri and, even though my child finished Grade 12 in 2022, she is continuing with violin and piano lessons with Adri.

I highly recommend her as a teacher for any age.

Please do not hesitate to contact me should you wish to discuss this testimonial.
